LETTER OF RECOMMENDATION FOR TOUSIF RAHMAN ANTO

To Whom It May Concern,

It is with great pleasure that I write this letter of recommendation for **Tousif Rahman Anto** in recognition of their dedicated service as a volunteer with the **Millennium Campus Network (MCN)** during the 2026 Global Admissions Committee (GAC).

Each year, the Millennium Campus Network relies on a global community of Millennium Fellowship alumni to help deliver one of the most important stages of the Millennium Fellowship: identifying students with the passion, leadership potential, and commitment to create meaningful social impact. During the 2026 admissions cycle, more than **700 volunteers** partnered with the MCN Admissions Team to support the review of over **76,000 applications** submitted by students from **170+ countries**. Together, their work contributed to the selection of more than **5,500 Millennium Fellows for the Class of 2026**, helping ensure that every applicant was evaluated through a process that was thoughtful, equitable, and consistent.

As a **Global Admissions Committee Member**, **Tousif** played an important role in this effort by carefully reviewing a total of **40** Fellowship applications and contributing to one of the largest volunteer-led admissions processes within the Millennium Campus Network. Although every application told a different story, each required the same level of fairness, attention to detail, and thoughtful consideration. **Tousif** approached this responsibility with professionalism, diligence, and a clear understanding of the trust placed in every admissions reviewer.

Reviewing applications involved far more than assigning scores. It required carefully evaluating applicants' leadership experiences, social impact initiatives, collaboration, and potential to contribute meaningfully to the Millennium Fellowship community. Throughout the admissions cycle, **Tousif** demonstrated sound judgment, analytical thinking, and consistency in applying the admissions criteria, helping ensure that every applicant received a fair and respectful evaluation regardless of their background or circumstances.

One of the qualities that distinguished **Tousif** was the care they brought to their work. They recognized that every application represented an individual who had invested time, hope, and aspiration into the admissions process. They approached every review with integrity and professionalism, balancing efficiency with thoughtful decision-making while maintaining the high standards expected of the Global Admissions Committee.

Beyond their individual reviews, **Tousif** contributed positively to the collaborative spirit of the committee. They engaged professionally with fellow volunteers, welcomed guidance and feedback, adapted to evolving processes, and remained committed to supporting the shared goal of delivering a high-quality admissions experience for every applicant. Their reliability, responsiveness, and willingness to contribute made them a valued member of the committee throughout the admissions cycle.

The Millennium Campus Network has directly supported more than **20,000 young leaders** across **300 universities** worldwide through the Millennium Fellowship, delivered in partnership with the United

Nations Academic Impact. Programs of this scale are only possible because of volunteers who dedicate their time, expertise, and thoughtful judgment to serving others. Through their service on the Global Admissions Committee, **Tousif** helped uphold the integrity of a global admissions process that will empower thousands of emerging student leaders to create lasting impact in their communities.

Having had the opportunity to work with **Tousif**, I recommend them with confidence. They are a thoughtful, dependable, and principled individual who consistently demonstrates professionalism, integrity, accountability, and a strong commitment to excellence. They communicate respectfully, work effectively within collaborative environments, and approach every responsibility with care and maturity. These qualities will undoubtedly serve them well in future academic, professional, and leadership opportunities.

I have every confidence that **Tousif** will continue to make meaningful contributions wherever they choose to serve or lead. They would be a valuable addition to any organization or institution seeking an individual of strong character, sound judgment, and a genuine commitment to making a positive impact.

Should you require any additional information regarding **Tousif** or their service with the Millennium Campus Network, please do not hesitate to contact us.

With thanks for your consideration,

Emmanuel Opatola
